

SUPER STRIP PLUS

NON AMMONIATED EXTRA HEAVY DUTY EMULSIFIER

Unlike conventional strippers, this product uses a concentrated solvent system that re-dissolves the floor finish, rather than breaking the polish loose from the floor. It is designed to be effective without the use of floor machines, to provide a complete strip on floor areas that standard floor stripping equipment cannot reach. It is a "mop on, pick up" stripper. Solvents and surfactants act quickly to dissolve and emulsify cured finishes while metal cross-links are being attacked and broken down. Dissolved finish stay liquefied and do not clog stripping pads.

FEATURES

- Fast acting
- Non ammoniated
- Heavy duty
- Water-based
- Versatile

RELATED BENEFITS

- Requires no agitation
- No harsh ammonia odor
- For the toughest floor finishes
- Safe for most floors
- Use on terrazzo and concrete

AREAS OF USE

Resilient tile floor finishes found in

- Hospitals, nursing homes, doctors offices
- Schools, universities, child care centers
- Malls, retail stores

TO USE

Dilute 1 :5 for mop & vac use or 1 :8 for machine stripping. **See label for complete directions and use directed.**

SPECIFICATION DATA

Available Sizes - 4/1G, 5G

Color - Green

Ammoniated - No

Water Based - Yes

Flash point - Nonflammable

Specific Gravity - 1.028

Physical State - Liquid

Fragrance - Neutral

Viscosity - Thin

Emulsifier - Extra Heavy Duty

DOT - Corrosive

pH - 12.3
