

BIG SPLITTER

DESCRIPTION

BIG SPLITTER

Splitting Degreaser

A highly concentrated neutral degreaser.

The formulation has been developed to allow oil to not emulsify with water. Allowing oil to be skimmed with proper equipment.

BIG SPLITTER may be used in enclosed Parts-washer, water based baths and general purpose industrial cleaning.

Ideal for use in vehicle repair and maintenance facilities where extensive cleaning and de-greasing take place.

DIRECTIONS:

Apply to surface to be cleaned. Allow for sufficient contact time for the detergent to work.

Remove soil with high pressure spray. For heavy soil, agitation may be required.

Works in both hot and cold water.

Dilute at 10:1 up to 50:1 Water to detergent. Adjust dilution based on soil load.

MONTGOMERY
MANUFACTURING COMPANY

The Right Cleaner, Exactly Right!

PHYSICAL CHARACTERISTICS

Appearance	WATER WHITE
Odor	Characteristic
pH	11.5
Specific Gravity	n/a
Stability	Yes
Flammability	None
Solubility in Water	Complete

NFPA: H=1, F=0, I=0, S=NONE

HANDLING, STORAGE, AND DISPOSAL

For industrial use only. In case of skin contact, wash thoroughly with soap and water. In case of eye contact, rinse for at least 15 minutes with water. If irritation develops and persists, seek medical advice. If ingested, do not induce vomiting; give two glasses of milk or water and seek medical advice. Keep container out of reach of children. Keep container closed when not in use. Rinse empty container with water before discarding.
