

BLUE HAND DISHWASH

VERSATILE & CONCENTRATED

Blue Hand Dishwash is a highly concentrated viscous detergent designed to clean dishes, glassware, pots, pans, and kitchen utensils quickly and easily when washed by hand. Blue Hand Dishwash's superior foaming power lasts and lasts. Blue Hand Dishwash won't leave water spots on glassware or streak china. It holds grease, oil, and food particles in suspension away from washed surfaces, and keeps them from re-depositing on surrounding items.

- More economical because it's concentrated.
- Rich, grease-cutting foam.
- Cleans equally well in hard or soft, cold or hot water.
- Contains no alkali or strong harmful chemicals – safe to use on fine china, yet strong enough for greasy pots and pans.

RECOMMENDED DILUTIONS

Light to Moderate Soil 1 oz./gal 1:128

Heavy Soil 2 oz./gal 1:64

FIRST AID: In case of eye contact, flush thoroughly with large amounts of water for 15 minutes and get medical attention. For skin contact, wash thoroughly with soap and water. In case of respiratory difficulty, provide fresh air and call physician. If swallowed, do not induce vomiting. Get medical attention immediately.

AREAS OF USE -

- Restaurants, hotels
- School cafeterias
- Institutional kitchens
- Households

TO USE -

For the most economical use of SOLAR GLO, use the dilution recommendations above (stronger solutions may be required for heavier soil). Pour the required amount of SOLAR-GLO into a container then add hot or warm water. On encrusted soil, allow mixture to soak for extended time. Scrub container and rinse. **See label for complete directions and use only as directed.**

SPECIFICATION DATA

Available Sizes -4/1G	Physical State - Liquid
Color -Blue	Fragrance - Floral
Foaming - High	USDA -None
Total Solids -	Viscosity - 850 – 900 cps minimum
Detergency - Good	Phosphates - None
Specific Gravity -	1.04 pH (undiluted) - 7.25 ± 0.25
