Chlorinated Machine Dishwash

CLD

FOR AUTOMATIC DISHWASHERS
CONTAINS BLEACH

This chlorinated powdered detergent is non-foaming and fast rinsing to improve efficiencies. Designed for automatic dishwashing machines to cut through grease and fats, and to remove dried-on food. Performs best in high solids water and will operate in all conditions of temperature and solids. It also works in other cleaning applications that require no foam, pressure, easy rinsing and alkalinity.

Features

- Concentrated, powder
- Breaks down and dissolves greasy soils
- Versatile heavy duty
- Non-foaming formula
- Completely soluble
- Free rinsing

Related Benefits
