

DIRECTIONS

Read Safety Datasheet before using this product.

The reduction of microorganisms on hands is dependent on proper Hand Hygiene.

Wet your hands with clean, running water (warm or cold), turn off the tap, and apply soap. Lather your hands by rubbing them together with the soap. Be sure to lather the backs of your hands, between your fingers, and under your nails. Scrub your hands for at least 20 seconds. Rinse your hands well under clean, running water. Dry your hands using a clean towel or air dry them.

For Industrial and Commercial Use Only.
