

# DEVOUR

## FOAMING MEATROOM DEGREASER

Designed for use in meat processing plants, this concentrated cleaner is also ideal for use in institutional and commercial kitchens. This product is designed to be used in proportioning, foam dispensers. It is a highly effective cleaner and attacks grease, fats, and food soils on tables, floors, cutting boards, utensils, and equipment. This detergent releases greasy soils from surfaces and draws them away from cuts and grooves in tools and equipment. The grease is then easily removed with a hot water rinse.

### DIRECTIONS FOR USE

**Pressure Cleaning:** Dilute one cup detergent per gallon of hot water (1:15-20). Spray foaming solution on floors, walls, and equipment. Foam clings to surfaces and releases fatty deposits. Allow the foam to work for 5 minutes before spraying with a hot water rinse.

**Mop and Bucket Applications:** (general purpose uses for meat room tools, equipment, and machinery) Dilute one part detergent with 15 to 20 parts hot water

(1 cup/gal). Apply solution with a mop, sponge, or brush. Wear rubber gloves for hand applications. Allow foamy solution to work for 5 minutes before removing. Pick-up soiled solution with a wet vac if necessary, or use a second bucket. Follow application with a clean, hot water rinse.

NOTE: Sanitize with appropriate solution after rinsing.

### CORTADOR DE GRASA ALTAMENTE ESPUMOSO - *Espuma Adherible*

Diseñado para usar en plantas procesadoras de carne, este limpiador concentrado es también ideal para emplearlo en cocinas institucionales y comerciales. Este producto está diseñado para usarse en dispensadores de espuma proporcionados. Es un limpiador altamente efectivo y ataca la grasa, manteca y las manchas de comida en las mesas, los pisos, las tablas de picar, los utensilios y el equipo. Este detergente saca las manchas de grasa de las áreas de la superficie y de las ranuras y surcos en herramientas y equipo. Luego la grasa se quita fácilmente al enjuagar con agua caliente.

### DIRECCIONES DE USO

**Limpieza a Presión:** Diluya una parte de detergente con 15 a 20 partes de agua caliente (1cup/gal). Rocíe la solución espumosa en pisos, paredes y equipo. La espuma se adhiere a las superficies y desprende los sedimentos grasosos. Deje que la espuma trabaje por 5 minutos antes de rociarla y enjuagarla con agua caliente.

**Aplicaciones con Trapeador y Cubo:** (para uso general en las herramientas, equipo y maquinaria de cuartos para carne,) Diluya una parte de detergente con 15 a 20 partes de agua caliente (1cup/gal). Aplique la solución con trapeador, esponja o cepillo. Use guantes de goma al aplicar con la mano. Deje que la solución espumosa trabaje por 5 minutos antes de quitarla. Recoja la solución sucia con una aspiradora de líquidos si es necesario o utilice un segundo cubo. Después de la aplicación enjuague con agua caliente y limpia.
