

This 2 in 1 powder combines a high quality laundry detergent with a color-safe oxygen compound to remove tough soils and stains. It works well in hard or soft water. In addition to outstanding stain removing action, it incorporates brighteners and a lemon fragrance. The powder dissolves easily when added to the feeder cups on commercial machines or when added directly to household-type automatics. ECLIPSE is completely biodegradable.

DIRECTIONS

Read Safety Datasheet before using this product.

For top and front load machines add $\frac{1}{4}$ to $\frac{1}{2}$ cup per standard 20–25 pound loads. Use hot water for whites or color-fast fabrics, warm water for permanent press and cold water for colored and fine fabrics. In commercial machines use $\frac{1}{2}$ to 1 cup per 35 to 50 pound load, 1 to 2 cups per 100 pound load. Keep container closed between uses to avoid caking and hardening.

Do not release directly to surface water or groundwater. Neutralize pH before release to water treatment center.

For Industrial and Commercial Use Only.

MONTGOMERY MANUFACTURING COMPANY

The Right Cleaner, Exactly Right!

LAUNDRY DETERGENT
with SAFE BLEACH

WARNING: Causes serious eye irritation.

Causes skin irritation. Toxic to aquatic life. Harmful to aquatic life with long lasting effects. Wash hands thoroughly after handling. Wear eye protection/face protection, and protective gloves.

Collect spillage.

If on skin: Wash with plenty of water. If skin irritation occurs: Get medical attention. Take off contaminated clothing and wash it before reuse.

If in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical attention.

Dispose of contents and container in accordance with local, regional, national, international regulations.
