

This highly concentrated, USDA approved, nonflammable, water-soluble product contains no solvents and is environmentally safe. Mean Green can be diluted with water and used on any surface not harmed by water.

Its foaming action lifts up dirt, is not harmful to clothing, upholstery or machinery, removes grease, grime, oil, mud, food stains, and blood. Mean Green is an excellent

product that will clean walls, spot treat carpets and upholstery, vinyl tops, degrease engines, tools, concrete floors, machinery, parking lots and more.

#### **DIRECTIONS**

Read Safety Datasheet before using this product.

Protect from freezing temperatures. To use Mean Green to its fullest potential, we suggest the following dilution ratios:

For walls, spot treating carpet & upholstery, and general purpose cleaning: 40 parts water, 1 part Mean Green. For tools, vinyl tops, concrete floors, machinery, and parking lots: 30 parts water, 1 part Mean Green.

For white wall tires, door jams, wheel wells, bug removal, and light degreasing: 12 parts water, 1 part Mean Green.

For tractors, heavy machinery, and motor degreasing: 3 parts water, 1 part Mean Green.

Do not release directly to surface water or groundwater. Neutralize pH before release to water treatment center.

For Industrial and Commercial Use Only.
